One Stop Shop for Your Apostille Needs

What is APOSTILLE?

Getting a document authenticated or obtaining an apostille is sometimes required before a Canadian document can be used abroad. Authentication or apostille speaks to the genuineness of the signature of a public official found on a document.

The Apostille Convention

As of January 11, 2024, authenticated documents in Canada include a standard certificate called an apostille. The apostille eliminates steps required to get documents legalized by the consular office of more than 120 countries where the Hauge Convention is in effect.

Why Choose Red Seal Notary?

For over 20 years, Red Seal Notary has been providing Authentication/Apostille and Legalization services to clients. We know documents and country requirements are unique and have built the expertise to effectively review and complete such process with a quick turnaround time of 24-48 hrs. In some instances where translation of documents is required prior to Apostille, ATIO certified translators will translate the documents making our services unique and a one stop shop.

To request a quote, please email your documents to info@redsealnotary.com, [subject line Apostille Service.](#)

Once documents are reviewed, an apostille specialist will respond with a detailed quote, timeframe and further instructions.
