Re: CCRTIS Accreditation

Red Seal Notary has successfully completed the Canadian Criminal Real Time Identification Services (CCRTIS) Accreditation Process, which authorizes your company to capture the fingerprints of your clients for Criminal Record verification (non-criminal purposes only).

CCRTIS Accreditation assesses the security and administrative operations of private organizations that intend to take fingerprints for non-criminal purposes. Upon completing accreditation, ongoing business activities, such as CCRTIS renewal of personnel security clearances; physical site inspections; and periodic auditing measures, are conducted to help ensure that accredited organizations continue to process non-criminal fingerprints in accordance with CCRTIS Accreditation standards. Red Seal Notary must comply with the aforementioned requirements to retain your status as an accredited private organization. Red Seal Notary is authorized to operate as an affiliate of Safran Morpho Global ID Services, and is certified to submit electronic fingerprint transactions (non-criminal purposes) to CCRTIS via the Safran Morpho Global ID Services Server.

We look forward to working with your company to uphold the quality and integrity of non-criminal fingerprint identification services in Canada.

Sincerely,

SC
